Deductions 1 – 3 pts. each judges choice

- We will only count the pictorial whole numbers. That means if you include both a domestic fowl (17-2.1) and an owl (17-2.2) only one will be counted towards your score.
- This sheet is to be used as a guideline in assembling your tray. The judges themselves have final say on what button attributes are given or not given points, and how many points each attribute earns.
