Overloading

Poor choice

- From Merriam-Webster: a receptacle made of interwoven material. If your basket does not show a weave, be sure it is likely to actually be a basket.
- Special basket characteristics might be having a lid; has an unusual shape; specific use; etc.
- This sheet is to be used as a guideline in assembling your tray. The judges themselves have final say on what button attributes are given or not given points, and how many points each attribute earns.
