- This sheet is to be used as a guideline in assembling your tray. The judges themselves have final say on what button attributes are given or not given points, and how many points each attribute earns.
- See BB page 74 for Crossover definition.
- BB pg. 55: Shells. Uninhabited only.
- Reference: NBB July 2017 pg. 134. The crossovers mentioned in this article *should* be counted as either dead (for this award) or alive.
- Helpful to label seashell type. Not all judges are conchologists.
