Section 20-14 refers to men. (Blue book page 23, and 56.) It also notes that basic rules under People class (20-18) apply here also, see page 57.

Questions-

1. Can men without formal names IE "Trumpeter of Krakow" be used for this award?
2. Can Jesus be used? He was not a king but is referred to as the "King of Kings."

Answers-

1. The award calls for the (famous)men to be labeled. The sponsor of the award intended for the men to be actual people who can be named (labeled.)

The trumpeter of Krakow is a character from a novel based on historical legend and not a named person. This button would go under section 20-20 -Stories.

2. Jesus on the other hand is an actual person. The question here revolves around the word "king."

According to the Merriam Webster Dictionary there are 7 meanings of "king" one of which is God or Christ So, because the award states "no kings" Jesus would not fit the criteria of how this award is written.
